### Requests Report

Request Description	Final Disposition
Please produce a list identifying the business or individual names, grower/policy holder ID, addresses, phone numbers, and email addresses of all farmers that are/were covered by Federal Crop Insurance in either 2016 or 2017 for corn, soybean, or wheat crops.	Other Reasons - No Response from Requester
Requesting copies of all records including electronically stored data for 2016 and 2017 for the entities listed, including all claims for loss on corn or soybeans or other crops whether pending or settled, all reports, all 578's, all records of farm numbers insured, all payments issued and any correspondence.	Other Reasons - No Response from Requester
I hereby request the following documents or electronically stored information: (1) The number of requests for an FCIC determination of non-compliance made by insureds pursuant to section 20(i) of the Common Crop Insurance Policy. Please provide the number of requests broken down by crop year, from 2000-2017. Please do not provide any personal identification data for the insureds involved. (2) The outcomes of those section 20(i) requests received by the FCIC, broken down by crop year, from 2000-2017. In other words, I am requesting the number of 20(i) requests per year that resulted in a determination of noncompliance on the part of an insurer, its agent, or its adjuster, as well as the number of 20(i) requests that were denied. Requesting 2015 Crop Data for land tax model	Granted/Denied in Part
Request for RMA to provide a copy of the request for a Final Agency Determination that resulted in the Federal Crop Insurance Corporation's issuance of FAD-277 interpreting section 14(e)(4) and (5) of the Common Crop Insurance Policy.	Granted/Denied in Part
Request a full digital copy of the lease associated with 3500 Wabash Avenue USDA in Springfield IL.	Other Reasons - Not Agency Record
Rain and Hail LLC is requesting all relevant documents received from the requestor for Final Agency Determination (FAD) 277 which was issued on January 16, 2018. (Date Range for Record Search: From 11/01/2017 To 01/16/2018) (Date Range for Record Search: From 11/01/2017 To 01/16/2018)	Granted/Denied in Part

<p>Request for the Production Records of Cottle Holdings, Inc. (and/or the following: (b) (6) [REDACTED], Cottle Strawberry Farm) from their farming operations in all counties that they farm in South Carolina from years 2013 through 2015. (Date Range for Record Search: From 01/01/2013 To 12/31/2015)</p>	<p>Other Reasons - No Response from Requester</p>
<p>Requesting all materials related to the Farm Bureau Dairy Revenue submission approved by the FCIC Board of Directors.</p>	<p>Granted/Denied in Part</p>
<p>Requesting several pieces of information related to the interview and selection for two positions.</p>	<p>Granted/Denied in Part</p>
<p>I'm submitting a FOIA request for interview panel score sheet information results from my interview for the Director of Product Administration Standards Division of Product Management (Supervisory Program Manager GS-15 RMA-18-0002-PASD-AD) within RMA.</p>	<p>Granted/Denied in Part</p>
<p>Seeking names, locations, and other identifying information regarding the 7,110 acres of prevented cotton crops and the 14,294 acres of prevented soybean crops in the state of Alabama during the 2017 crop year regardless whether the producer of those failed or prevented crops made any request for certification or not. For failed or prevented cotton and/or soybean crops whose producer made a request for certification, this request seeks any and all minutes, notes, records, memoranda, materials, or other documents received</p>	<p>Other Reasons - No Response from Requester</p>
<p>Requests APH Records for corn and soybeans for years 2008 through 2017.</p>	<p>Granted/Denied in Part</p>
<p>Request information related to (b) (6) [REDACTED] position (Job Announcement, RMA-17-0056-DAPM SN)</p>	<p>Granted/Denied in Part</p>
<p>Requesting the FCIC Policyholder Information Reports for crop years 2005-2016 for (b) (6) [REDACTED] and Pica Farms. (Date Range for Record Search: From 3/1/2018 To 3/30/2018)</p>	<p>Granted/Denied in Part</p>
<p>I. USAJobs records: Resume for the selectee and his application score based on the assessment tool; and My score and how it compared to the application score of the selectee and other candidates. II. Interview records: All documentation from the interview panel prepared in accordance with FSA Handbook 3-PM, par. 95 and Exhibit 11. III. All other documents relating to the recruitment, announcement, interview process, decision factors and selection of Job announcement number RMA-18-0006-DAIS-NC-AD.</p>	<p>Granted/Denied in Part</p>
<p>Requesting resumes and position description for all individuals appointed starting January 20, 2017, for the positions listed in the USDA RMA section of the most recent policy and supporting decisions publication AKA Plum Book. (Date Range for Record Search: From 3/6/2018 To 3/16/2018)</p>	<p>Other Reasons - Request Withdrawn</p>

<p>Requesting crop year 2017 national level data for NAP policies for Alfalfa, but would like to see it by coverage level – CAT, 50%, 55%, 60%, and 65%. And if I could get the number of policies and the number of acres covered, that would be ideal. I would love to be able to say what percent of Alfalfa acres were covered by NAP, which I assume will be very small.</p>	<p>Other Reasons - All Records Referred to Another Component or Agency</p>
<p>Requesting the names, locations, and other identifying information regarding the 1,151.29 prevented cotton crops and the 642.9 prevented soybean acres in Lowndes County and the 107 failed acres of cotton and soybean and 1,143.69 prevented acres of soybean in Dallas County to include all failed or prevented crops, regardless whether the producer of those failed or prevented crops made any request for certification, this request seeks any and all minutes, notes records, memoranda, material, or other documents received and considered by the local state FSA committee.</p>	<p>Other Reasons - No Response from Requester</p>
<p>Timeframe: December 2017 - February 2018 Subject: I. Interview Records: All documentation from the interview panel prepared in accordance with FSA Handbook 3-PM, par. 95 and Exhibit 11. III. All other documents relating to the recruitment, announcement, interview process, decision factors and selection of Job announcement number RMA-18-0006-DAIS-NC-AD. (Date Range for Record Search: From 12/01/2017 To 02/28/2018)</p>	<p>Granted/Denied in Part</p>
<p>It is our understanding that in the Common Crop Insurance Handbook Of Rules and Regulations 1104-1, 1104-2 states action taken for inadequate water supply. I'm trying to find the Hudson reporting to the RMA, the RMA to the Wyoming NRCS documents. As per the example given in 1104-2 stating county or district assignment of non irrigated crop from irrigated crop. I'm looking for any emails or correspondence regarding the following of these rules.</p>	<p>Granted in Full</p>
<p>I am respectfully submitting a request for the following information. Please exclude all PII from the query. In addition, please provide the data digitally, in a .csv file extension would be preferred. 1. Number of claims filed by farmers for the Revenue Protection (02) plan of insurance for corn, soybeans, and wheat segregated on an annual basis for the past 10 years. 2. Number of claims that were appealed by the farmer for Revenue Protection (02) plan of insurance for corn, soybeans, and wheat segregated on an annual basis for the past 10 years. 3. Dollar of amount of each claim and appeal as described above. My goal is to divide request 1 by request 2 and develop a rescission rate for the crop insurance program. After that is quantified, I can then qualify the percentage in terms of dollar amounts. (Date Range for Record Search: From 01/01/2007 To 01/01/2018)</p>	<p>Granted in Full</p>

I am writing to request USDA farm subsidy data for the entire country for 2017, as well as crop insurance payment data for the entire country from 2007 through 2017.	Other Reasons - Records sought are currently available at a USDA site.
I formerly requested all relevant M-13 files relevant to the MYE/BE endorsement experience (FOIA-2014-RMA-05116-F). Since that time, RMA has made available online summary of business data at the unit, coverage-level, and crop type level. I would like to request data broken out at the same level for the units insured under the BE/BE. This will allow a much greater level of resolution for our analysis of biotech effects on crop risks. Many thanks. (Date Range for Record Search: From 01/01/2009 To 12/31/2012)	Granted in Full
I went back to your email dated 11-27-17 and the attached 10 pages in their entirety that you sent me. The 10th page was RMA Administrator's Brandon Willis letter to me dated 9-9-14 and which he states, "RMA upheld the crop insurance company's decision that the cause of loss in 2001 was due to uninsurable causes since you did not have an adequate irrigation system." It is the Administrator's statement here that he mentions the insurance company's decision, it is this document that I am looking for that Willis references to that says my irrigation system was inadequate. Please supply this document that RMA is referencing in Mr. Willis's letter. CLARIFICATION sent 4.24.18 - After reviewing your acknowledgement letter, I noticed that Mr. Willis's letter dated 9-29-14 was left out. Mr. Willis made his statements that my irrigation system was inadequate in two letters dated 9-9-14 and 9-29-14. He states that RMA upheld the insurance decision. It is this insurance document I am looking for that backs Mr. Willis statement in both of his letters. As this is the first time a new allegation has been made in my crop insurance case. I have all the documents from the insurance company and nowhere in those documents does it mention I had an inadequate irrigation system. In fact, I have a document contrary to Mr. Willis's statement signed by the Insurance Adjuster and that document is USDA-FCIC Underwriting Questionnaire dated 10-28-97 and states that the County Water Supply is not reliable during a drought and that my nursery method FULLY satisfies underwriting guidelines, including my irrigation system. Requesting copies of all FOIA requests received for 2017. Later clarified to be a report reflecting all FOIA requests received by the agency.	Granted/Denied in Part

<p>Requests a copy of your log listing all FOIA requests submitted to the USDA and its offices from Jan. 1, 2017, through present. You have agreed to accept the responsive records to a similar FOIA request that USDA agencies are currently processing, in partial response to your request for the time period of the 2017 calendar year. For the time period of January 1, 2018 through the present, you seek a report of FOIA requests received that includes the following categories: request ID number, requester name, organization, request description, received date, closure date, final disposition, and exemptions cited.</p>	<p>Granted/Denied in Part</p>
<p>My new FOIA request is asking for the supporting document that Mr. Willis mentions in his letters dated 9-9-14 and 9-29-14 by stating that the cause of loss in 2001 was due to uninsurable causes since you did not have an adequate irrigation system. In RMA's Acting Administrator Heather Manzano's letter to me dated 11-9-17, she states, "the former Administrator, Brandon Willis only relied upon letters written to you by previous RMA Administrators ("that your irrigation system was inadequate"). Therefore, my new request is to please provide a copy of the previous RMA Administrators letter(s) that states my irrigation system was inadequate as RMA Acting Administrator says exists in her letter to me dated 11-9-17.</p>	<p>Granted in Full</p>
<p>Request for total tobacco subsidies for years 2000 through 2007.</p>	<p>Other Reasons - Records sought are currently available at a USDA site.</p>
<p>What I need is basically the "Indemnities with Month of Loss" product, but I also need it aggregated at the tract level. If it helps, I only need the state of Oklahoma. (Date Range for Record Search: From 01/01/2010 To 12/31/2014)</p>	<p>Other Reasons - No Records</p>
<p>I hereby request the following records: Communications between Risk Management Agency officials/employees and the following individuals between 2010 and 2017: - (b) [REDACTED] (University of Hawaii) - (b) (6) [REDACTED] Communications to any non-USDA researchers, outside organizations or academic institutions regarding access to the Crop Insurance Program Compliance and Integrity Data Warehouse between 2010 and 2017.</p>	<p>Granted/Denied in Part</p>
<p>Requested "to see a history of seeded crop acres by crop and state during 2008 through 2017 of crops that are seeded on prevent plant acres. So for farmers that took a prevent plant payment on 100 acres; waited 25 days; how many and what crop did the farmer seed on that 'prevent plant acreage? "</p>	<p>Other Reasons - Request Withdrawn</p>
<p>I have been advised that the RMA agency decided not to fill the second vacancy announced under Job Announcement Number RMA-15-0005-DSIS-MS-AD. Please advise me who made that decision And when and how was that information relayed to the selecting official. The second position was later filled. Please advise me who made that decision and when and how Was that information relayed to the selecting official.</p>	<p>Other Reasons - Improper FOIA Request for Other Reason</p>

<p>I request access to and copies of records that reflect how much each private insurer receives in administrative and operating expense and underwriting gains and losses, from 2006 to present. I would also like to receive company-level data for retained premiums and retained indemnities for each insurance company during that period, and the same information-- retained premiums and retained indemnities -- for the federal crop insurance corporation. In addition, I'd like company-level records reflecting how each insurance company allocates policies by fund (commercial and assigned risk), during that period. I'd also like copies of any private reinsurance agreements the companies have entered into since 2006. (Date Range for Record Search: From 1/1/2006 To 5/22/2018)</p>	<p>-</p>
<p>At your earliest convenience, I am requesting all information relating to current rating methods used to establish the county "base rates" for the PRF Rainfall Index. (Date Range for Record Search: From 07/01/2014 To 08/31/2017)</p>	<p>Granted/Denied in Part</p>
<p>I would like to submit a FOIA request for RMA data on irrigated yields for a recent five-year period (2012-2016 would work well).</p>	<p>Other Reasons - No Records</p>
<p>1. Crop Insurance Statistical information by county in the State of Iowa for each county for the year 1993 - see request for more info. 2. Crop Insurance Statistical information by county in the State of Iowa for each county for the year 2008 - see request for more info. 3. Crop Insurance Statistical information by county in the State of Iowa for each county for the year 1993 through 2015 - see request for more info.</p>	<p>Other Reasons - Records sought are currently available at a USDA site.</p>
<p>My new FOIA request is asking for the supporting document that Mr. Murphy mentions in his letters dated 9-1-10 by stating, "...it was documented that (b) (6) relied on an insufficient water supply for his irrigation which is not covered by the policy. In other words, it was not the drought (a covered cause of loss) that caused his nursery losses, but rather a failure of the irrigation system which is documented..." Please provide me with this documentation that Mr. Murphy is stating.</p>	<p>Granted in Full</p>
<p>My new FOIA request is asking for the supporting document that Mr. Murphy mentions in his letters dated 9-1-10 by stating, "...reviewed the claim file prepared by Fireman's Fund..." Please provide me with this Fireman's Fund documentation that Mr. Murphy is stating.</p>	<p>Other Reasons - No Records</p>
<p>This request is for all information and records associated with (b) (6) 2017 prune policies that was submitted to RMA for this determination</p>	<p>Granted in Full</p>

<p>My request is for details for the 2017 crop year on the following entities: (b) (6) and SSF Farms Inc. At a minimum, I would like to get total information for the 2017 crop year by commodity and practice name for the two entities—like is shown without names on the RMA Public Website at <a href="https://www.rma.usda.gov/data/sob/scc/index.html">https://www.rma.usda.gov/data/sob/scc/index.html</a>, Summary of Business Reports and Data, Type/Practice/Unit Structure Data Files and Record Layout. (See attached spreadsheet that shows the type of information I am referring to.) If possible and not too much additional trouble, I would like to get that information detailed by FSA farm number. If data is in a format that includes additional information, that is not a problem as long as the information requested is included.</p>	Granted/Denied in Part
<p>Any and all correspondence from the office of U.S. Rep. Adam Putnam from Jan. 3, 2001 to Jan. 3, 2011. If there are records that are immediately available, I ask that they be provided first. (Date Range for Record Search: From 01/03/2001 To 01/03/2011)</p>	Other Reasons - Request Withdrawn
<p>Would like to request any pricing data available from crop insurance records for PEAS, LENTILS, AND CHICKPEAS. I would like the data to include as detailed of categorization and classes as is available as well as any day by day or month by month changes that are recorded in the data set. So yellow peas, green peas, small green lentils, medium green lentils, red lentils, large chickpeas, small chickpeas, etc. As much detail as possible for any pricing info on those crops. (Date Range for Record Search: From 01/01/1980 To 06/25/2018)</p>	Other Reasons - No Response from Requester
<p>Information Browser prior to 2011 Looking for Summary of Business reports for policy endorsements for BYE 2008-2011 and Premium Reduction Plan 2004-2007. Looking for premium volume for sales, and loss ratios by state. Received the following message from RMA Service Desk. "I have received your request below for RMA data. This data is not available via our website. If you wish to pursue obtaining this data, you can submit a FOIA request at the link below." <p>Requesting the most current continuity of operations plan(s) corresponding to response during large-scale emergency situations for the Risk Management Agency and any of its components if applicable. If determined to be exempt from FOIA disclosure, I request the most current list of primary mission essential functions (PMEF) for RMA. Because I am not sure the specific time frame that the most recent continuity of operations plan or PMEFs were developed, I ask that an initial search for the most current documents be done between 2015 and present day (June 19, 2018), and if the requested documents are developed before 2015, please extend the date of search to between 2010-2015. If the requested documents were developed prior to 2010, please search between 2004-2010. Records to be used in educational/research pursuits associated with the Johns Hopkins Bloomberg School of Public Health.</p>	<p>Other Reasons - No Response from Requester</p>
<p>To whom it may concern, I am requesting county-level data on the percentage of corn (maize) fields planted by day from crop producer reports for federal crop insurance purposes for all counties in all states available from 2000 to 2017. This information is similar to the USDA NASS Crop Progress report for state-level data; however, it has been obtained at the county-level by FOIA from crop producer crop insurance reports for use in various scientific journal articles from RMA. For example, see an article in the European Journal of Agronomy from Volume 90, October 2017, Pages 184-197: A spatially explicit crop planting initiation and progression model for the conterminous United States by Yubin Yang, Lloyd T. Wilson, and Jing Wang. Ideally, the data would be in a similar format to USDA NASS Crop Progress at a county-level instead of a state-level (see <a href="http://usda.mannlib.cornell.edu/usda/nass/CropProg//2010s/2015/CropProg-05-11-2015.txt">http://usda.mannlib.cornell.edu/usda/nass/CropProg//2010s/2015/CropProg-05-11-2015.txt</a> for example), however any format of the data would be greatly appreciated. Please feel free to contact me with any questions. This request is being made in support of research conducted at the City College of New York under a NASA research grant. Requesting to know if these 3 Crop Insurance Companies: Great American, RCIS, and Rain & Hail paid a Prevented Planting claim in Perry County, AL for wheat 2017-2018.	Other Reasons - Records sought are currently available at a USDA site.
In Mr. Murphy's letter dated 9-7-10 in the second paragraph's last sentence, of which my request #2018-RMA-00125-FP broke up that sentence, which reads in whole, "RMA's Western Regional Compliance Office in Davis, California and the Office of the Deputy Administrator for Compliance each reviewed the claim file prepared by Fireman's Fund and affirmed the decision to deny (b) (6) claim on his nursery." My request #2018-RMA-00125-FP asks for a copy of the claim file prepared by Fireman's Fund, of which FOIA in the past has responded more than once that there are no insurance documents in RMA's possession responsive to my requests, I am also requesting the "affirmed the decision" documents by the RMA Western Regional Office in Davis, California and the Office of the Deputy Administrator for Compliance offices as well.	-

<p>The State of Hawaii and Maui County declared a catastrophic drought disaster emergency from 1998 to 2004 for Upcountry Maui. My new FOIA request is asking for the supporting documents by an independent third party authority that Mr. Murphy states in his letter dated 9-1-10 to Congressional Inquiry by US Representative Charles Dejou, "In other words, it was not the drought (a covered cause of loss) that caused his nursery losses," Please provide me with the independent third party authority of the "documented" paperwork such as from (b) (6) Insurance Provider, Insurance Company, Insurance Adjuster, Maui County and the State of Hawaii that states that (b) (6) losses were not from the drought (a covered cause of loss) that caused his nursery losses," that Mr. Murphy is stating above or is he just making up his own false assumptions? Please provide me with any documentation from the USDA-RMA that Mr. Murphy or a person from RMA came to Maui and investigated the personal allegations of Mr. Murphy that it was not the drought that caused our nursery losses or is he just making up his own false assumptions? Please provide the paperwork of the allegations of Mr. Murphy with an authoritative independent third party that the County of Maui and the State of Hawaii was false in declaring the drought from 1998 to 2004 or is Mr. Murphy just making up his own false assumptions?</p>	<p>Other Reasons - Duplicate Request</p>

<p>This is an update to 2018-RMA-03564-F. We received data for 2009-2011. However, the Biotech Endorsement existed as the Biotech Yield Endorsement (BYE) in 2008 and covered 4 states. We would like to request the data for 2008, broken down by coverage level and unit. That is, we are requesting the same breakout of data for 2008 as was received for 2009-1022. (Date Range for Record Search: From 01/01/2008 To 12/31/2008)</p>	<p>Granted in Full</p>
<p>My new FOIA request is asking for the supporting documents that Mr. Murphy states in his letter dated 9-1-10 to Congressional Inquiry by US Representative Charles DeJou, "...it was documented that (b) (6) relied on an insufficient water supply for his irrigation which is not covered by the policy." In the Loss Adjustment Manual (LAM) which supersedes RMA procedures and crop insurance handbooks, the LAM reads Section 2, 66 B-2: "...however, failure of the irrigation water supply due to drought WOULD BE AN INSURED CAUSE OF LOSS under an irrigated practice." Please provide me with the "policy" Mr. Murphy is referring to in the Congressional Inquiry.</p>	<p>Other Reasons - Duplicate Request</p>
<p>Requesting Producer data for Corn Seed Settlement. Brown Greer works for the Claims Administrator. Under the terms approved by the court in the Corn Seed Settlement Program, farmers (both producers and landlords) who file claims in the settlement program must consent for the FSA and the RMA to provide data to us electronically about the farmers' claims. We will use that data to determine the amount payable to the farmers under the terms of the settlement. Search period 2013-2017. First batch of names sent. (approximately 1000 names given)</p>	<p>-</p>
<p>Similar to FOIA Request 2018-RMA-02987-F with different crops requested as defined below. 1. Number of claims filed by farmers for the Revenue Protection (02) plan of insurance for rice, cotton, and peanuts segregated on an annual basis for the past 10 years. 2. Number of claims that were appealed by the farmer for Revenue Protection (02) plan of insurance for corn, soybeans, and wheat segregated on an annual basis for the past 10 years. 3. Dollar of amount of each claim and appeal as described above. (Date Range for Record Search: From 01/01/2008 To 12/31/2018)</p>	<p>Granted in Full</p>
<p>I'd like access to the results of the following past FOIA requests that I saw listed on the 2015 RMA log. I see they are marked as closed: 2015-RMA-00947-F and 2015-RMA-01002-F Also, would like the FOIA log for 2015-2018.</p>	<p>Granted/Denied in Part</p>

<p>I would like to know the percent of organic corn, organic soybean and organic wheat acres that are covered under RMA crop insurance per commodity. I would like to know this information separately. In the Summary of Business <a href="https://www.rma.usda.gov/data/sob/organic/2017organic.pdf">https://www.rma.usda.gov/data/sob/organic/2017organic.pdf</a> the number of acres covered are listed, and I am interested in the total acres not covered as a percent of acres per commodity. For example, the RMA believes that 30% of the organic corn acres are not covered under RMA insurance, and 70% are covered to some extent.</p>	<p>Other Reasons - Records sought are currently available at a USDA site.</p>
<p>Requesting a copy of the requests for a Final Agency Determination that resulted in the FCIC's issuance of FAD-280 interpreting the section 20(b)(1) of the Common Crop Insurance Policy.</p>	<p>Granted/Denied in Part</p>
<p>Requesting copies of public records relating to farm and crop insurance subsidy payments made by the Commodity Credit Corporation (CCC) to the agricultural producers of the following farms located in Iowa: 1) FSA# 4845 (b) (6) (b) (6) Farm 2) FSA 4210 Veggors Land &amp; Livestock Co. 3) FSA 6673/6947 WT &amp; RW Spahr Family, Ltd and 4) FSA 4542 (b) (6) (b) (6). Specifically any documents demonstrating payments made to the agricultural producers of these farms for the years 2007 to 2014. And any documents which supported the CCC's decision to make such subsidy payments, including, but not limited to, proof of agricultural producers' insurance payments for the above reference farms from 2007 to 2014.</p>	<p>Other Reasons - No Response from Requester</p>
<p>So, I have two data requests. First, I'd like to receive state-level summaries of the commodities that are insured under WFRP, based on liability per crop. I would like to know what percentage of liability is going to different crops, by state. Second, I would also like to request a summary of the diversity counts, by state. For example, how many policies in Montana have 1 commodity, 2 commodities, ..... I would like this information going back to the initiation of WFRP.</p>	<p>Granted in Full</p>
<p>I'd like to submit another FOIA request regarding assignment of indemnities. First, I want to see if the following data is available. 1. Request a spreadsheet of records submitted by AIPs for each insured field for each reinsurance year from 1980-2017. Note the observations requested are at the field level within a Zipcode, and therefore the producer/farmer is not identifiable by either location or by person. -"Zip Code" -"Crop Year" -"Unit Number" - Note this is the field-level identifier that is consistent at the field-level across reported years. It does not identify the producer or the location of the producer's farm. -"Crop" -"Cropland Acres" -"Crop Year of History" "Total Production" "Acres" "Yields" "Insured Share" "State and County"	Other Reasons - No Records
